

COVID-19 SUCCESS STORY

Migrating POTS Lines And Centralizing Billing

Customer Profile

Industry

Transportation

Headquarters City

Memphis, TN

CHALLENGE

The company had 36,000 expensive POTS lines spread across hundreds of sites nationwide. The corporation was receiving 250+ bills each month with 6 different carriers and needed to cut costs quickly all while consolidating their vast inventory.

SOLUTION

Granite was able to migrate all 36,000 POTS lines onto our platform, centralize all billing, and provide visibility into the company's POTS inventory (Rock Reports). The company was able to realize tremendous cost savings on their very next month's invoice due to the seamless Granite conversion process.
